## THE V9™ HARD HAT

### A Revolution in Head Protection Designed to Rev Your Engine!

After years in development, the ProChoice Safety Gear V9™ Hard Hat challenges traditional head protection with a great looking, low profile, ergonomic design that won't make you look like you are wearing a "skid lid".

Certified to AS/NZS1801, the V9™ does not sacrifice safety standards, or performance for looks. The nine strategically placed air vents and harness cradle will encourage air flow, greatly reducing your chances of "blowing a gasket".

Drop the clutch and join the V9™ revolution today!
